Dear Sir:

## Response to Notice of Non-Compliant Amendment

**In the specification:**

The applicant provides a substitute specification with this response, with several amendments, and files also herewith a marked-up copy of the substitute specification showing exactly as required in 37 CFR 1.125 all of the changes made from the original to the substitute specification except for the claims.. The substitute specification includes:

- a new title suggested by the Examiner in the action mailed 06/14/2006
- a new Abstract as required by the Examiner in the action mailed 06/14/2006
- subheadings as required by the USPTO for a specification

The claims in the substitute specification are the claims 1-17 as originally filed. The claims are amended below in this response, with claims 1-49 shown cancelled and new claims 50-67 added.
